

The Law Practice Management and Technology and Paralegals Sections of  
the San Joaquin County Bar Association Present:

**A Brown Bag Lunch**  
**“Personal Technology for Attorneys and**  
**Legal Professionals”**  
**February 11, 2010**

Program 12:15 PM to 1:15 PM  
in the San Joaquin County Bar Association Conference and Media Center

**Topics will include:**

- How does the use of smart phones and laptops affect operations, calendaring and law office management?
- What do paralegals need to know about the phones and laptops that are being used by the attorneys they work for?
- Are web-based document collaboration and document management systems efficient and practical?
- What innovations in personal technology can we expect this year? Are smart phones improving? Are tablet PCs the “next big thing”?
- Plus more .... What questions do you have?

**A Brown Bag Lunch is an informal, interactive discussion where representatives from Verve Networks and the Law Practice Management and Technology Section (formerly InfoTech) make themselves available to answer your technology questions.**
